Manufacturer's Limited Warranty

MD Carts, Inc. ("MANUFACTURER") warrants your new Pro Series Personal Electric Vehicle against defects in material and workmanship for two (2) years from the date of purchase, subject to the limitations and exclusions listed below. This Limited Warranty is extended to the original purchaser only and terminates upon transfer of ownership.

Original Equipment Warranty:

If the manufacturer determines any original part is defective during the warranty period, MD Carts Inc. will, at its option, repair or replace the part subject to the restrictions and exclusions in this Limited Warranty. The manufacturer may, at its sole discretion, repair rather than replace a part, provide a factory reconditioned part, or new part from an alternate supplier. Any replacement part is warranted for the remainder of the original warranty period.

Lithium Battery Warranty(if equipped):

Subject to the restrictions and exclusions in this Limited Warranty, the original factory installed lithium battery is warranted against defects in material and workmanship for eight (8) years from the original date of purchase. This is a full warranty for the first three (3) years and shall be prorated for the remaining period, with the owner responsible for the following percentages of the repair or replacement: 50% years 4 and 5; 75% years 6 through 8.

Labor Warranty:

Labor is described as the work completed by a technician. The manufacturer will be responsible for pre-authorized labor costs associated with warranty repairs for 90 days from the original date of purchase. In almost every instance, the owner at their own expense, must deliver the vehicle to the service provider for repairs and pick it up when repairs are complete.

On very rare occasions, a technician may be equipped to make minor repairs and adjustments at the owner's residence. If a technician travels off-site to make repairs, the owner is responsible for the following trip charges: \$199 for each service call within 50 miles of an authorized MakDaddy dealer location; \$199 plus \$3 per mile for each service call in excess of 50 miles from the nearest authorized MakDaddy dealer location. All trip charges must be paid in advance.
